

PORTABLE EXHAUST EXTRACTION SYSTEM

Remove vehicle exhaust fumes from garage service areas with this practical and affordable Portable Exhaust Extraction System. This portable extractor captures fumes from the vehicle and discharges them safely up to 30' away, keeping your staff safe from harmful fumes. Easily move the portable exhaust extraction system around the shop where you need it to be.

Features include:

- 3/4-HP fan produces 330 cfm air flow
- Fan mounted in tough, roto-molded polyethylene "flow-through" case
- Mobile base makes the EV-5100 easy to position behind the vehicle
- A quick-release, spring-loaded cam controls height position
- The discharge hose stores neatly when not in use
- Optional "Y" hose adapter available for dual-exhaust vehicles
